SUBJECT: **RWY 13R/31L Partial Closure**
September 13, 2003 (Saturday)

KCIA/Boeing Field will be recabling the taxiway and runway lights between the A7 and B4 taxiway intersections on Saturday, September 13. This work will require closing the middle section of Runway 13R/31L.

The first **5500 feet of Runway 13R** will be **closed** and will have a **relocated threshold** on **September 13, 2003 (Saturday) from 07:30 - 19:30 (local time)**. Additionally, taxiway intersections **A7** and **B4** will be closed. The PAPI and REILs for Runway 13R/31L will be out of service during this time.

Therefore...

- if 13R is active (south flow), there will be 4501 feet available for arrival and departure.
- if 31L is active (north flow), there will be 4501 feet available for departure and 3701 feet for arrival.

The continued cooperation of our aviation community
is appreciated during this construction period.

Please check NOTAMs daily for changes.

TO: King County International Airport Tenants
FROM: 
Robert I. Burke, AAE, Airport Director
SUBJECT: **Airport Security**

U.S. Department of Homeland Security (DHS) has released an advisory to the aviation public in an effort to make sure continued vigilance is followed and suspicious actions reported to discourage any potential acts of terrorism at general aviation airports.

The DHS and the Transportation Security Administration (TSA) continue to monitor reports on potential terrorist threats in the United States. Based on a recent interagency review of available information, DHS remains concerned about Al-Qaeda's continued efforts to plan multiple attacks against the United States. These attacks may involve aviation. Therefore, the aviation community is encouraged to continue the same level of vigilance in following security procedures.

TSA wants to remind general aviation aircraft and airport operators to review the security measures contained in the Aircraft Owners and Pilots Association's (AOPA) Airport Watch Program materials. These may be accessed at www.aopa.org/airportwatch or by calling the KCIA Airport Operations Department at (206) 296-7332.

KCIA would like to encourage tenants and pilots to do their part in keeping our airport safe and secure by following these security recommendations:

- Secure unattended aircraft to prevent unauthorized use.
- Verify the identification of crew and passengers prior to departure.
- Verify that baggage and cargo are known to the persons on board.
- **Wear proper airport identification** and challenge persons not wearing proper identification.
- Direct increased vigilance to unknown pilots and/or clients for aircraft or helicopter rental or charters – as well as unknown service/delivery personnel.
- Be alert to aircraft with unusual or unauthorized modifications.
- Be aware/alert of persons loitering in the vicinity of aircraft or air operations areas – as well as persons loading unusual or unauthorized payload onto aircraft.
- Be aware/alert of persons who appear to be under stress or in the control of other persons.
- Be aware/alert of persons whose identification appears altered or inconsistent.
- Do not allow a vehicle or person to follow you inside the perimeter gate. This is a violation of King County Code Title 15. **No piggybacking!**

Report suspicious activity immediately to **KCIA Airport Police at (206) 296-7392**
or the TSA/AOPA Hotline at (866) GA-SECUR or (866) 427-3287.
